## Operational Environment

### Persistent Threat of Iran

- Build and export of extensive missile forces
- Advancing maritime capabilities that threaten chokepoints for the free flow of energy resources and international commerce
- Undermining Middle East stability by supporting terrorist groups and military proxies
- Employment of Iran paramilitary forces and engaging in military provocations
- Conducting malicious cyber and information operations

### Global Terrorist Groups (VEOs)

- ISIS and affiliates
- Degraded, but may reconstitute in short order

### Deterring Strategic attack on Allies and Partners

**DLA Energy Middle East Mission:** Provides the best quality and most cost-effective bulk petroleum support to the United States and Coalition Forces, as directed, operating within the DLA Energy Middle East region. Maintains robust petroleum support capabilities for the United States Central Command (USCENTCOM), using strategically dispersed bulk petroleum storage and a variety of fuel support arrangements and measures.

### DLA Energy Capabilities

15 x DFSP Capitalized Sites  
27 x Direct Delivery Sites  
5 x Into-Plane Sites  
6 x Bunker Sites  
18 x Fuels International Agreements

# DLA Energy Middle East Organization

## Customer Ops
